

2023 Lesson Plan

Class	1차	Teacher	Gove Darren Isaac
Subject	초등 5-6 학년	Date	
Learning Objective	All about me		
Learning Content	- Students learn vocabulary that's related to introducing themselves. - Students do a warmup activity and watch introductions from people around the world. - Students are quizzed about the people they saw in the videos. - Students make their own introductions. After introducing themselves, they make a small quiz and the students move to the right or left of the room depending on their answer to the quizzes. - Students are split into teams and play a review game based on the vocabulary from the lesson.
